

British Riding Clubs Update

Summary of COVID-19 Restrictions in each Nation

18.11.2020

(Updates appear in red)

The following table shows BRC's current interpretation of the most recent government guidance and is subject to change, as and when government advice is updated.

Isle of Man, Jersey and Guernsey

These guidelines must be read in collaboration with your own government guidance at the time. This may alter some of the guidance, i.e. numbers allowed to meet in groups or distance for permitted travel.

Local Lockdowns / Restrictions

As there is an increase in the number of national and local lockdowns being imposed, it is important that individuals check the specific restrictions for their area. No BRC activities are permitted within national or local lockdown areas where sporting activities are specifically prohibited, or where travel restrictions are in place. If restrictions prevent people from entering or leaving an area without a reasonable need, then leisure and sporting activities are not usually permitted. Please ensure you check your local council restrictions carefully and follow them accordingly. Organisers have a responsibility to do their best to not accept entries from members who live in areas with mandatory travel restrictions. However, it remains the responsibility of the individual to ensure that they check the latest situation in the area they are living in, or travelling to, and ensure that they comply with all requirements.

Officials and Volunteers

It should be noted that in areas where there are travel restrictions in place, voluntary roles are not considered to be essential travel as they are not for the primary purpose of work.

In England

Further information on the latest restrictions can be found here <https://www.gov.uk/guidance/new-national-restrictions-from-5-november> This prevents any BRC activities from taking place during this time, unless they are held virtually. See the below table for details.

In Scotland

Each area in Scotland has been allocated a COVID protection level. There are 5 protection levels from 0 to 4. This new system (sometimes referred to as 'tiers') was introduced on the 2 November. Details of protection levels that apply in each local authority area in Scotland are available at <https://www.gov.scot/publications/coronavirus-covid-19-allocation-of-levels-to-local-authorities-17-november-2020/>

Information for each level is available at <https://www.gov.scot/publications/coronavirus-covid-19-protection-levels/>

In Wales

Further information can be found here regarding the change in coming out of lockdown on 9 November: <https://gov.wales/written-statement-new-national-covid-measures-wales> and <https://gov.wales/coronavirus-regulations-guidance> BRC activities can once again resume – see the table below for details.

In Northern Ireland

Further information can be found here regarding the lockdown being imposed from Friday 16 October until **Thursday 26 November**: <https://www.legislation.gov.uk/nisr/2020/224/contents/made>.

Further information on how the restrictions affect you can be found here

<https://www.nidirect.gov.uk/articles/coronavirus-covid-19-regulations-guidance-what-restrictions-mean-you>

Indoor BRC activities are limited to individual lessons with one coach and limits outdoor activities to groups of 15. See the below table for details.

First Aid Qualifications

In line with a recent HS announcement, the deadline for requalifying if you have a volunteer first aider with either an Emergency First Aid or First Aid at Work certificate, has been extended. For all BRC activities, these certificates that expired after 16 March 2020 can remain valid until 31 October 2020 or 6 months from the date of expiry, whichever is later. All requalification training for these certificates should be completed by 31 March 2021. For more information, please see https://www.hse.gov.uk/coronavirus/first-aid-and-medicals/first-aid-certificate-coronavirus.htm?utm_source=Communigator&utm_medium=email&utm_campaign=NL300920G&utm_content=#qualifications

PLEASE NOTE: The information in the following table is the current interpretation of government guidance and is subject to change as and when further information is clarified.
