

An Introduction to Veterinary Physiotherapy

Presented by Topline Vet Physio

Wednesday 27th July 2016

5.30pm – 6.30pm

Poppyfields Equestrian Centre, Branston Rd, Lincoln

Felicity Begley (MSc, MCSP, ACPAT A) and Natacha Mann (PgDip, MCSP, ACPAT A) will be presenting a brief introduction to Veterinary Physiotherapy for Horses including assessment and treatment techniques. Between them they have over fifteen years experience working as physiotherapists both in the human and animal field as well as both growing up with horses, and regularly competing. Their passion is working with both horse and rider to optimise their performance, whether a happy hacker or professional horse and rider.
