

Looking at the latest tack and training aids.

Date: 28th February 2019

Venue: Forelock and Load Ltd, Church Rd, Barrow, Bury St Edmunds, IP29 5AX

Presenter: Jo Winfield FBHS

Level: All Welcome, counts as CPD for APC's.

The logo for The British Horse Society, featuring the text "The British Horse Society" in white, stacked vertically on a red rectangular background.

This course is available to all levels of riders and coaches. The aims of the day are to;

- Review what's new in the world of tack
- Review different types of bridles, bits and their use
- Discuss the different types of training aids and their use
- Discuss different types of saddle, suitability for the horse & rider and type of work undertaken
- Consider the welfare implications of tack and its use

It is intended the day will be informative and interactive. There will be hands on approach with delegates encouraged to share their thoughts and views with open discussion to provide network opportunity
