BHS Education Team (which includes BHS assessors and BHS assessment centres) provide BHS assessments as a service. If you feel you need medical attention you should seek it. Your health is your own responsibility. The duty of care for your health is your own (or your parent/carer/accompanying responsible adult if under 18 years of age).

Please confirm that:

- You've disclosed any medical information that we need to be aware of.
- You're fit to undertake this assessment.
- You don't require any reasonable adjustments other than already agreed and implemented.
- You haven't been advised by a medical professional to avoid the activities involved in this assessment.

Please ensure you make your assessor aware if you'll be leaving the centre at any time during your assessment. We strongly recommend that any candidate below the age of 18 should be accompanied by a responsible adult who remains at the assessment centre for the duration of the assessment. For candidates aged 16-17 or vulnerable adult, it's at the discretion of their parent/carer.
