**THE BHS FELLOWSHIP****SYLLABUS FOR THE GENERAL FELLOWSHIP ASSESSMENT**

**'A Fellow of the Society is someone to whom one can turn for advice, knowledge and expertise in all equestrian matters and is committed to the training and education of the horse and rider in all spheres of equestrianism.'**

The BHS Fellowship is open to holders of a BHS Performance Coach BHSI certificate, aged 25 or over.

For the **GENERAL FELLOWSHIP** assessment, candidates must coach confidently as follows:

Dressage:	To <b>Prix St Georges</b> with a clear idea of the pathway for future development
Show jumping:	To <b>1.25m</b> with a clear idea of the pathway for future development
Eventing:	To <b>CCI 3*</b> with a clear idea of the pathway for future development
Coach Education	To <b>Performance Coach BHSI</b>

**A BHS Fellow should possess the following qualities:**

- Is a trainer of horses and riders who can bridge the gap between training at the grass roots level (new/novice riders, young/green horses, learner coaches) and the highest level (top competitors – horses and riders and those that coach them).
- Has an impeccable record of integrity and sets the highest standard at all times.
- Has commitment to continued development of health, safety and welfare within the equine industry.
- Makes a good ambassador for The BHS at home and overseas.
- Is loyal to the BHS, its aims, its coaches, its systems and its values.
- Is a good communicator who can impart knowledge with clarity and impact.
- Shows natural aptitude and empathy in their riding and coaching.
- Has a wealth of researched and trained knowledge.
- Is keen and enthusiastic to share and impart their knowledge.
- Will make valuable contributions to the work of the present Fellows and for the good of the Society as a whole.

**Above all, a Fellow of The British Horse Society will  
work tirelessly for the good of the Horse**

**The BHS General Fellowship is made up of three parts. Please refer to the BHS website for guidance on timelines for the application process. These must be adhered to.**

### **PART 1 – CURRICULUM VITAE (CV)**

Fellowship candidates must present a CV which will be assessed as a pre-requisite to applying for the practical assessment. The CV will be reviewed by three appointed Fellows who will meet (virtually) to assess and evaluate the CVs and collectively produce a report. The appointed Fellows will not have been involved in the training of candidates coming forward for assessment in the preceding two years. Competition records will be validated by the Education Team if required.

It is strongly recommended that all candidates choose a Fellow of the BHS as a mentor to receive advice and guidance towards preparing for this assessment. Any Fellow of the BHS can do this, although some may decline due to other commitments or retirement. A full list of the participating Fellows is available from the Education Team.

The CV must be submitted with the appropriate fee. The fee is non-refundable. The CV will be assessed for strengths and weaknesses. If, in the opinion of the Assessors, the CV shows a lack of all-round equestrian experience, the candidate will be required to undertake further work before re-submitting a revised CV in a future year. Once the CV has been approved, it will not need to be submitted for re-approval as long as the Fellowship syllabus remains current, or if the syllabus is amended within this time, a minimum of 3 years from the date of submission.

**The CV should be presented under the following headings:**

**Personal Details:**

Name:

APC membership number:

Address:

Telephone:

Mobile:

Business address:

Telephone:

Email:

**Previous and present occupations**

To include names, addresses and dates of employment.

Candidates applying for the Fellowship assessment will be expected to have worked continually (excluding mitigating circumstances such as illness, disability, personal or family circumstances) in the equine industry for the large proportion of their working life. The equine industry is diverse; it would be impossible to specify occupations as being acceptable or unacceptable. The Fellowship is primarily a coaching qualification, so it is critical that a candidate has spent a vast majority of their working life teaching and working with horses and riders. When assessing the CV, account will be taken of the candidates' occupations within the horse industry.

**Academic qualifications**

Commencing with the earliest, candidates should list in chronological order their academic qualifications. Candidates must also specify the dates and the names of the academic institutions (if at all possible) where they achieved their qualifications, this is desirable but not mandatory. Candidates should also supply information regarding any qualifications they may currently be undertaking or have recently completed.

**Equestrian qualifications**

Commencing with the earliest, candidates should list in chronological order their equestrian qualifications, such as The British Horse Society, British Dressage, British Eventing, British Showjumping, The Pony Club, and so on. Candidates must also specify the dates they achieved their qualifications.

**Other equestrian work**

Examples include The Pony Club, Riding Club, freelance, team training, publications, committees, and so on. Candidates must list any relevant present or past equestrian work that will strengthen their overall CV for example, if they teach or train Pony Club or Riding Club teams. Candidates should also give evidence of membership of any equine committees or evidence of articles written for the equestrian press or books, videos, and so on.

**Competition experience**

All candidates must show evidence that they have been involved in competition to the levels shown on page 1 in at least two of the Olympic disciplines. This important section must be completed as comprehensively as possible.

Candidates should list their competition experience, and give where possible details of dates, venues and placings. When assessing the CV account will be taken of the candidate's riding and competition experience both in the above and other varied spheres.

**Teaching/coaching experience**

The Fellowship is above all a coaching qualification. Candidates should give details of the range of clients they have taught.

Coaching experience should not only include the training of riders but also the presenting lectures, clinics, and stable management days. The list of clients should be of those that the candidate has coached on a regular basis and not simply casual lessons. It is critical that candidates demonstrate by their list of clients that they are experienced in coaching riding, teaching skills, lungeing and stable management at both grass roots level and at a higher level.

**Names of regular trainers used, and study undertaken**

Candidates should give details of trainers or coaches they visit for tuition on a regular basis and whether the training is on their own horse/s or on the trainer's horse/s. These trainers may be contacted to verify the claims.

**Further details are shown at the end of the syllabus – see Appendix 1.**

**PART 2 – DELIVER A PRACTICAL PRESENTATION TO AN AUDIENCE****OVERVIEW:**

In this section, the candidate will deliver a practical presentation to an audience, minimum of 30 minutes duration, followed by a discussion with the Assessor. The candidate can choose their own presentation topic. Assessors will be assessing the candidates' ability to impart knowledge, communicate, respond to questions, be tactful under stress and manage time competently.

This section will be assessed prior to the final assessment.

*Further details are shown at the end of the syllabus, Appendix 2*

## PART 3 – FINAL ASSESSMENT

### **THE FINAL ASSESSMENT FOR THE FELLOWSHIP IS TAKEN OVER A MAXIMUM OF TWO DAYS.**

Whilst it is desirable that candidates can fulfil all the criteria within the individual sections, it is recognised that at this level people will have strengths and weaknesses and therefore may not perform at top level throughout the assessment.

In the individual sections it is vital that candidates are prepared to work with the situation presented to them on the day, and that they do not arrive with preconceived 'model situation' expectations. In all sections the timings given are an approximate guide only. A final programme for the assessment will be issued to candidates at least two weeks prior to the assessment date.

The programme will show timings for all sections and will show specific requirements for individual candidates from within the range in the theory section.

- Interpersonal Skills.
- Level of technical knowledge and delivery.
- Under pinning knowledge.
- Self-reflection on own performance.

All the sections will be assessed but not necessarily in the order shown.

Throughout the assessment there will be a panel of Assessors responsible for the individual sections. A Chief Assessor will quality assure the assessment process to form an overview. The general performance criteria for the whole qualification are strongly taken into consideration by all Assessors when finalising the results.
