

The British Horse Society Stage 3 Coach (BHSAI) Development Scholarship – Guidance Document

Introduction

As one of the largest provider of equestrian education and qualifications in the UK, we believe it is our duty to ensure we reach and inspire those individuals who will truly make a difference to the future equine sector. As we aspire to support the high standards of our Approved Centres, it is vital we support their needs by developing and supporting a quality workforce that delivers high standards and leadership. We know some centres often find it difficult to recruit for certain roles for a variety of reasons from demographics through to a shortage of high calibre applicants being available in the employment market.

Our experience has shown that to reach the level of qualification necessary to aspire to a constructive equestrian career, requires dedication combined with breadth of experience and a positive attitude to employment opportunities, alongside accruing costs for training and assessment. We hope through supporting our Approved Centres who recognise and wish to support their dedicated staff, that the BHS will further strengthen the equestrian industry through enabling such individuals to gain our valuable world renowned industry-recognised qualification.

Applications that can demonstrate a combined contribution from both the Centre and the applicant, in terms of either financial support or provision of time allowance for training will be a consideration when selecting successful applications.

Objective

One of the BHS's many charitable objectives is to promote and advance the education, training and safety of the public in all matters relating to the horse. The scholarship scheme will play a pivotal role in driving forward this objective through our Approved Centres. Through the scholarships, we will:

1. Ensure the BHS as a leading equestrian educational provider is supplying our sector with well qualified and inspirational people
2. Provide support to talented, committed individuals enabling them to have a meaningful equestrian career
3. Work with, support and enhance BHS Approved Centres
4. Endorse and promote BHS training and assessments and encourage lifelong learning

The BHS will allocate a BHS representative to each recipient of the Scholarship. This will be either a BHS Assessor or a member of the BHS education team who will maintain regular contact to provide additional advice and guidance as required.

The Scholarship can only to be used for attainment of BHS qualifications, training for the qualification and initial membership as an Accredited Professional Coach (APC). This can include DBS, Safeguarding and First Aid qualifications.

APC membership will only be paid for applicants working towards their BHS CHH (BHSAI)
