

Lucinda Green XC Masterclass Clinic

Terms and Conditions

Bookings & Cancellations

- All British Horse Society North West training days/courses are checked for viability around ten working days beforehand. Any that have insufficient numbers may be cancelled. In this case, delegates who have booked will receive a full refund (minus booking fees) or free transfer should another suitable training day/course be pending.
- Training day/course fees are non-refundable if the delegate cancels in less than ten working days from the training day/course start date, without a medical certificate. If a medical certificate is provided, it must be received by post or email within five working days of the training day/course. All cancellations need to be in writing.
- If a training day/course is cancelled, each delegate will be phoned or an email sent, advising them of the cancellation and offered either a refund or free transfer should another suitable training day/course be pending.
- It is important that each delegate ensures that we have their correct contact details. This must include a telephone number with an answering service. If messages are left for candidates regarding a training day/course cancellation, or if we are unable to leave a message and delegates arrive at a venue for a training day/course that has been cancelled, any expenses incurred by them are their own responsibility.
- In the event of adverse weather conditions, a decision regarding cancellation will be made the day before the course is due to start. If the course is cancelled, each candidate will be notified by either phone, email or text message.
- We cannot permit riders under the age of 18 to attend this event. Everyone attending the event is responsible for ensuring the safety of themselves and others.
- All attendees should report to the Organiser on arrival.
- Please be aware that filming/photography may take place at this event. Images will be used for general publicity including, but not limited to, the BHS website, British Horse magazine and social media.
