INFORMATION

Learn how the team at Moorcroft retrain horses from the track to the point where they are ready for a new home.

All are welcome to attend this training day and the event will count as a refresher course for BHS Accredited Professional Coaches.

Mary Frances, Chief Executive of Moorcroft Racehorse Welfare Centre and Stage 4 Senior Coach

Mary started working at Moorcroft in 2007 and has been progressing the Centre and the staff well since then.

Mary has spent most of her equine working life training young and wayward horses and has gained much sympathy and understanding in this field.

She has also specialised in and understands well that physical discomfort in the horse will dictate its behaviour, especially when ridden, so making sure all horses are sound and pain free is paramount to good progress, safe riding and to the horses to ensure a happy and progressive future.

Mary believes in training all staff daily so that the Centre and the horses are always progressing and nothing gets missed.
